

The Care Package

With Family and Friends often times living out of town, The Care Package makes an exciting and fun way to keep in touch make Magic Moments happen together! We are blessed! How would you like a boost from your Family or Friends, show up on your front door from time to time, with a message of good wishes, special news and other assorted goodies inside??!! Well, we can certainly reinforce the loving relationships we've created and keep connected with little care packages that work their ways around the "Team", and around the world, from house to house, heart to heart, and keep the dream alive!

Here's The Game:

Shortly after you get home, put some pictures and goodies together and make an audio and/or videotape sharing what's going on with you and your family, along with a personal message to the group. You can add an assortment of pictures, DVD's, Music Mixes, goodies and any thing else you can think of, and send it to the next person on the list. You can decorate the box, and add your own special touches to it so everyone can participate. Whenever you receive The Care Package, your family puts a new label on the same box, and The Care Package continues to travel on it's journey, and never stops for years! It just keeps going around & around and thus much Joy and Fun is to be had!!!

Here are some ideas to add value to your team:

Here's What You Do:

- Make a set of stick on mailing labels that can be put in the box for easy turn around.
- Include a copy of the members on a list so it's easy for the next person to forward it on.
- Make some kind of log sheet so you can tell where the box has been & how long it's been on the road. Include a space for dates, locations, comments & phone #'s for them to touch base.
- Make an audio diary over time, giving the date and happenings you are having and keep adding 2 minute spots until the next package comes so you're ready to go and can just drop the tape in. If every body is shooting small spots on their own video, then there will be updates from each family member made over time in the box!
- Take a colorful piece of paper that everyone who receives the box can write on.
- Include extra pictures and/or disks so others may keep them.
- Include little prizes or candy that are great treats for the kids, or the recipient.
- Include Puzzles or make a Puzzle from a picture you cut up of your family doing something.
- Include card games or dice games that others can play.
- Include a card trick or magic trick they can learn and share with others. Make a video of you doing it, and then teaching them how to do it!
- Add a "Hot Tips" sheet that every one can add their learning experiences to.
- Make one "Master Video" that each player can add 2- minute clips to, and put back in the box.
- Include promo's for your business so that you can network and send referrals.
- Outline a project you're working on and list good questions that others can help you with, and include your fax # or E-Mail so someone can answer them and fax you back immediately.
- Include special quotes or quips that are meaningful to you.
- Include any other articles or book recommends or other info we can learn from.
- Include cash in large bills when you're sending it to someone who can use it!
- What else can you think of???*

With The Power of Team creating an Empowering Environment, all our dreams can come true!

Make it Fun & Creative so that everyone wants to play!!!!
